Fuel Regulator Kit - LS Series V8 to Patrol GU (ZD30)

Product Images

Short Description

Fuel regulator & bracket kit to suit LS series engine into Patrol GU ZD30

Description

Fuel regulator & bracket kit to suit LS series engine into Patrol GU ZD30

This kit mounts onto the inner guard of the Nissan GU patrol and connects up to the factory fuel lines and plugs into the LS fuel rail.

NOTE 1: The fuel rail will need to be turned around to face the inlet to the right hand side

NOTE 2: This kit suits 10mm supply and 6mm return fuel lines

NOTE 3: The regulator is fixed at 4 bar/60psi

Kit contains:

- Fuel pressure regulator
- Mounting bracket
- High pressure filter
- Plug on fuel rail hose
- Hoses
- Hose clamps
- Fixings
- Instructions
