\$209.09

Product Images

Short Description

To suit:

- Nissan Patrol GQ & GU fitted with VE LS2 / LS3 V8

Note: Will also fit VF LS3 fitted with VE power steering pump

Description

Marks 4WD manufacture a custom heavy duty high pressure power steering line to connect your VE LS2/3 power steering pump to your Nissan Patrol power steering box.

Our line is precision made in house using high strength nylon braided rubber hose and heavy duty stainless steel choke free banjo fittings for easy installation.

The rugged design of the hose resists the tough under-bonnet environments and demand serious four wheel driving puts on components.

Features:

- Heavy duty stainless steel fittings
- High strength nylon braided rubber hose

Kit contains:

- Pre-assembled high pressure power steering line

To suit:

- Nissan Patrol GQ & GU fitted with VE LS2 / LS3 V8

Note: Will also fit VF LS3 models fitted with VE power steering pump

Part No. MFC1818-VE-VF
